**Spa Highlights:** Located at one of fashion's favorite Hamptons getaways, The Seawater Spa boasts a wide array of spa treatments and salon services—all with the ultimate ocean view. Guests can relax in the Roman baths, the Finnish-style rock sauna or the heated saltwater pool. Going above and beyond your standard spa treatments, some of the special services include an active green argilite mud therapy treatment (a body mask wrap that boosts the metabolism while softening your skin), an algae slimming bath, aromatherapy treatments and Marine Kur therapy—a seawater hydrotherapy massage.
