### It's like a 2-in-1 vacation.

Indecisive travelers, take note: 'Sister properties,' hotels and resorts in different zip codes that share the same owners, are now offering the best of multiple worlds to their guests—two destinations, one trip. Just in time for [Memorial Day Weekend](#), here are four hotel pairings around the country that help you maximize your getaway (because those [vacation days](#) are far too precious to spend in one spot).

## **Newport, RI and Montauk, NY**

The [Hamptons](#) icon Gurney's recently opened a [second outpost](#) in Newport, Rhode Island. It will look familiar: An outdoor pool (the only one at a Newport hotel) is bedecked with the brand's signature daybeds; Italian eatery [Scarpetta](#) draws the well-heeled and hungry. But here, you can take a yoga class on the deck, sip cocktails poolside at The Pineapple Club, and stroll Newport's downtown cobblestone streets. Plus, the original, [Gurney's Montauk Resort & Seawater Spa](#) with its seawater pool, in-the-sand daybeds adorned in yellow and cream, and rosé on Scarpetta Beach, are just a 90-minute boat ride or 45-minute seaplane away.
